## FACT SHEET

### GOAL MAPPING PRACTITIONER COURSE

#### *A Powerful Tool for Raising Aspirations*

#### OVERVIEW

*Goal Mapping is a tool that motivates individuals to activate their 'inner genie', the subconscious, in order to make dreams and aspirations a powerful reality. Through the Goal Mapping Certificated Practitioner Programme you will learn a universal life-skill for turning dreams into reality – and develop the ability to teach this skill to others.*

*School leaders can use goal mapping to help plan a curriculum and to shape all aspects of school development.*

*As a Goal Mapping Practitioner you will be able to transform the lives of students and adults, helping them to define their aspirations by showing them how to raise attainment.*

*Therefore, this course is especially useful for:*

- Teachers who wish to become Goal Mapping Champions in their schools with the aim of running goal mapping courses to inspire their students to:
  - to improve exam results
  - cope with transition
  - aspire to Higher Education
- Extended Schools Services Coordinators wanting to run aspiration-raising events
- School leadership teams involved in curriculum development, school improvement and teacher CPD

#### **During the course delegates will:**

- Understand the tenets behind goal mapping
- Experience the goal mapping process
- Know how best to deliver the course to others
- Know how to use goal mapping to support school improvement

#### **The course has two main aims:**

- To provide delegates with a deeper understanding of the goal mapping process
- To empower delegates to be able to run goal mapping programmes to adults and students

## VALUE

- This course is delivered by one of the country's leading Master Practitioners
- This course is highly practical and interactive
- This course teaches techniques which can be used as lifelong skills
- This course provides delegates with a fully resourced Presenter Pack
- Delegates also receive a copy of the bestselling book 'Goal Mapping' by Brian Mayne, A copy of the inspirational fable 'Sam the Magic Genie', A Goal Mapping Live! CD
- In addition, delegates will also get A FREE Goal Mapping online LICENCE - motivational software allowing you to create online goal maps to empower and share

## RESULTS

**As a result of your becoming a Goal Mapping Practitioner, you will be able to empower others to:**

- Create their own goal maps
- Have greater clarity and focus about the directions they wish to take
- Have a greater sense of self-belief
- Have more self confidence in setting and achieving goals

## ENDORSEMENTS

"Inspired. Inspirational. Fun. Interesting. Above all, it demonstrates it can be done. Trust in your goal and achievement will follow. Without doubt, this is 'Positively making a difference' to me and my future."

*John Adamson*

*"Great demonstration and advice on how to deliver the Goal Mapping workshop. I now feel confident in getting out there and giving it a go."*
