## FACT SHEET

### 6S STUDY SKILLS PRACTITIONER COURSE

#### *Empowerment through Regular Review*

#### OVERVIEW

*The 6S Study Skills System is a simple and effective self-directed learning to learn process which encourages students to experiment with, and master, an array of useful learning tools. The system inspires students to engage in regular review as a means to prepare for tests and exams, whilst motivating them to use reflective practice to enhance their learning potential. The 6S Study Skills Practitioner Course allows teachers, lead learners (and those who teach study skills) to experience the 6S System for themselves, showing them how to deliver the 6S course to all those who need to prepare more effectively for exams and tests.*

*This course is especially useful for:*

- Teachers who wish to become 6S Study Skills Champions in their schools with the aim of running the 6S Study Skills Course to empower their students with powerful learning tools
- Supply Teachers who want to empower students effective learning methods
- PSHE teachers who wish to show students how to reflect on their lifestyle choices in order to maximise chances of exam success
- Home Tutors, Life Coaches
- Trainers who want to increase their repertoire of effective techniques and skill sets in order to generate an extra income stream.
- Lead Learners
- Heads of Year
- Extended Schools Services Co-ordinators

During the course delegates will:

- Understand and experience the Regular Review Process
- Experience first-hand the effectiveness of various learning tools
- Discover how to use reflective practice as a means of whole-body exam preparation
- Have opportunity to brainstorm ideas and applications

The course has two main aims:

- To provide delegates with a deeper understanding of the 6S Study Skills System
- To empower delegates to be able the 6S Study Skills Course to adults and students

## VALUE

- This is a superb training event delivered by the creator of the 6S System, or a Master Practitioner of the course, whose ability to inform and entertain will provide delegates with an unforgettable learning experience
- This system is unique to Positively MAD, and one of the few systems worldwide to incorporate regular review and reflective practice
- All resources are professionally produced and designed to a high level
- The course is full of pupil-friendly, instantly useable techniques, tools and tips
- Each delegate will receive a comprehensive Presenter Training Pack

## RESULTS

As a result of your becoming a 6S Study Skills Practitioner, you will be able to encourage others to:

- Feel more confident in their ability to learn effectively
- Be motivated to study more systematically and efficiently
- See the learning process as creative and rewarding
- Be encouraged to adopt healthier lifestyle options

## ENDORSEMENTS

"Excellent course. I enjoyed it very much. Most useful comment was this is about brain and remember – not how to motivate disaffected kids (though this would come using these techniques). Thank you."

*Jo Lewis, LSA, Glan-Y-Mor*

"An inspirational well-planned course which presents lots of new ideas."

*Jackie Arney, ESOL Lecturer, Swansea College*
